### PRODUCT FEATURES

#### SEAMLESS COMPATIBILITY

Feel at home using the DDJ-XP2 with rekordbox dj or Serato DJ Pro. Easily trigger popular features such as Hot Cues, Beat Jump and Slicer, no matter which performance application you choose.

#### SUPPORTS 16-PAD MODES

Make full use of Serato DJ Pro's first ever pad modes that support 16 pads per deck. 8 pads each are assigned to two different features, e.g. Hot Cue mode and Sampler mode, so you can trigger both at the same time.

#### 32 MULTICOLOURED PERFORMANCE PADS

Let your fingers fly at 32 robust, multicoloured Performance Pads (16 on each deck) and enjoy lightning-fast responses.

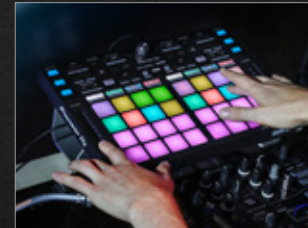

#### SILENT CUE

Switch on Silent Cue and the deck will be muted. You can then silently cue up tracks with the faders open on the mixer and drop them into your mix instantly by hitting a Hot Cue.

#### HIGHLY-ROBUST, PORTABLE DESIGN

Put all your energy into your performances. Built to withstand energetic finger drumming, the robust construction and non-slip rubber surround ensure the unit stays in place and keeps performing.

#### SUPPORTS TRANSPORT MODE

Use the pads on the DDJ-XP2 as transport controls for your music thanks to the Transport mode in Serato DJ Pro, also now accessible in rekordbox dj. Play, pause, cue, pitch up/down tracks, and more.
