PRODUCT FEATURES

Club-standard DJ experience

With full-size jog wheels that feel just like those on the CDJ-3000, pitch bending and scratching on the XDJ-AZ are incredibly smooth. The mixer section inherits the intuitive layout of the DJM-A9, with all controls positioned to maximize playability.

Built-in Wi-Fi and support for various media types

The XDJ-AZ supports rekordbox CloudDirectPlay and StreamingDirectPlay allowing access to Beatport Streaming tracks, plus extensive device and application compatibility. Connect a PC/Mac to use rekordbox for Mac/Windows, or a mobile device for rekordbox for iOS/Android. Support for Serato DJ Pro is coming in December 2024. See the product press release or instruction manual for specific information.

10.1-inch capacitive touchscreen

Up to 13 tracks can be displayed at once – a massive increase from the 8 on the XDJ-XZ. Other advanced features include Playlist Bank, Touch Preview, and Touch Cue. You can also choose to display the status of the selected Performance Pad and Beat FX settings simultaneously.

Standalone 4-deck playback

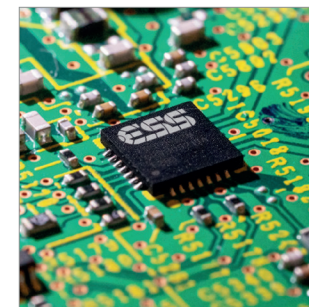

Add more sounds to your mix, create live mashups, go back-to-back with another DJ, and enjoy the flexibility to perform however you like. You can seamlessly integrate CDJs into your setup, so there's no need to switch decks and with PRO DJ LINK compatibility, beat and on-air information are synced across the players.

Integrated SonicLink transmitter

Enjoy ultra-low-latency wireless monitoring with the HDJ-F10 professional DJ headphones.

**The XDJ-AZ doesn't support a wireless connection with the WAVE-EIGHT portable wireless DJ speaker.*

Professional club-ready quality

With a 32-bit D/A converter from ESS Technology, the sound quality has been significantly enhanced compared to the preceding XDJ-XZ to create clear and dynamic audio that can rock large venues and clubs. You can also use the 3-Band Master EQ to tweak the output sound. A dedicated button for the mixer settings allows you to quickly check and adjust the mixer's status on-screen.
